

Installation tutorial

KG Sewage pipe bushing Flow direction Universal

Pipe bushing for shortening on-site to match the desired wall thickness.

article number: 090800

[Show product](#)

Installation tutorial:

The **flow direction universal pipe bushing** is pre-produced for the wall thickness 400 mm.

A length scale is affixed to the pipe bushing so it can be cut to the required wall thickness on site.

The adhesive label containing the length scale must be removed after cutting and the cut edge bevelled.

The pipe bushing is ready to install after pushing on the socket ring.

Basis

All dimensions and information in this data sheet reflect the results of the laboratory tests that have been carried out. Deviations from the values determined by us under laboratory conditions are possible due to environmental and operating conditions beyond our control. The data in this data sheet only applies for the product delivered by us. The product data corresponds only to the specifications in Germany. Possible country-specific deviations are not taken into account here.

Indication of law

The technical information reflects our current knowledge of KG Sewage pipe bushing Flow direction Universal. It is intended only as information for users. As we do not know the envisaged applications and processing conditions, it is the responsibility of the user to carefully check that the product is suitable for the intended purposes. Due to the different components at the installation site and the working conditions in place there, MASTERTEC cannot provide any guarantee whatsoever for the result of the work. Claims arising from any legal relationship can only be recognised in the event of wilful intent or gross negligence, irrespective of the statements made here or advice provided verbally. In this case the user must prove that he has provided MASTERTEC in writing with all the information required to correctly assess the installation situation in good time. Subject to necessary product specifications or further developments. By providing this information MASTERTEC does not intend to infringe third party rights. The latest data sheet in each case applies. Our corresponding terms and conditions of sale and delivery apply.
